Testimonials

I have been a client at Freeman Recovery center since November and it was by far the best decision I've ever made. The staff that work at each stage of the program are all kind, caring, compassionate and nothing short of amazing! The most important thing I've gained from Freeman is hope. Hope for myself and family and hope for my future. If you are sincere about changing your life, this is the place to go!

—Kristin F.

Freeman Recovery Center, in short, changed the course of my life. When I arrived at Freeman, I was a broken individual desperately searching for anyone and anything that could help me live a life free from addiction, one day at a time! Today, I am clean and sober, thanks to Freeman's program of recovery.
