

# The journey from addiction...

## Holly's Story

For 15 years, off and on I was bound by addiction. This led to me failing school, never holding a job, several stays in mental hospitals, broken relationships and even a year in prison. The enemy tried to destroy me and when he had me pushed down in the deepest darkest dungeon God pulled me out through Teen Challenge.

It was through my relationship with God I received at Teen Challenge that I experienced healing, deliverance, restoration, and salvation. It was also there that God spoke to me about attending Valor Christian College. I had nothing. No money, no car, no home. All I had was faith. God miraculously provided me with a car, my first semester's tuition paid, and an apartment. My husband left straight from jail to go with me and received a job the day after arriving and is now also drug free.

While at Valor, I was chosen to complete an internship in the executive office of Pastor Rod Parsley, Valor's founder. I also began working as an administrative assistant at the school and graduated as the salutatorian of my class with a 4.0 GPA.

I now work with a ministry helping women receive the same hope and restoration that I found. What I learned and received at Teen Challenge is the foundation I will continue to stand on throughout my life and ministry.

**Our Mission** is to provide a path toward wholeness and purpose for individuals with life-controlling problems through a faith-based solution.

**We Believe** teaching faith in Jesus Christ alters behavior and instills positive values that allow a person to holistically heal. This central spiritual dynamic is the foundation upon which all aspects of the Adult & Teen Challenge mission are built.

Priscilla's Place is more than a program. It's a place where *hope is reborn, lives are transformed and relationships are restored.*

**Apryl:**

I came to Priscilla's Place Teen Challenge broken and in pieces. I was in a dark place in myself as well as in reality. I was facing many years in prison but God heard my cry from within and saved my soul, giving me something worth fighting for. The peace and inner joy that I have found in Jesus has given me hope to be alive and free. I am not the same girl with a bad reputation anymore. I am a loved child of the Most High.

**Sandra:**

My addiction started when I was 8 years old. I started off smoking pot but as time went on I moved on to stronger drugs and they took complete control over my life. By age 21 my life had completely spiraled out of control.

Both of my boys were placed in my grandfather's care, none of my family wanted anything to do with me, and I was running from the police. I was arrested and taken to the county jail.

When I went to court the judge granted me permission to come to Priscilla's Place.

While I was at Priscilla's Place I started to rebuild my relationship with my family. I was baptized and I grew in my faith each day. I graduated the 12-month program and went back to school. In the future I want to help minister to addicts that want to get out of their addiction. The verse that I reflect back on is Psalm 37:4, "Delight yourself in the Lord and he will give you the desires of your heart."
